Introduction

The curriculum is all the planned activities which we organise in order to promote learning and personal growth and development. It includes not only the formal requirements of the National Curriculum, but also the curriculum guarantees we as a school provide to develop the independence and responsibility of all of our pupils. We ensure that all children have a broad, balanced and relevant education which provides continuity and progression and takes individual differences into account. We aim to teach our pupils how to grow into positive, responsible people, who can work and co-operate with others while developing knowledge and skills, so that they achieve their full potential.

Values

Our curriculum is the means by which we achieve our objectives of educating children in the knowledge, skills and understanding that they need in order to lead fulfilling lives. Our school curriculum is underpinned by our principle value of providing high quality educational experiences that are focused on continued improvement in whole school standards and the development of independent and responsible learners who know how best they learn and how best to improve.

These are the core values of our school, upon which we have based our curriculum:

| | |
|---|---|
|  <p>Mundella Primary School</p> | <p style="text-align: center;">ASPIRE</p> <p style="text-align: center;">We believe that our children can be whatever they wish to be. We want them to aim high and become members of society that really make a difference.</p> <p style="text-align: center;">ACHIEVE</p> <p style="text-align: center;">Our drive is to equip children with the skills that they need to meet their academic and personal goals.</p> |
| Our School Values | |
| Caring | Develop the skills and ability to care for themselves, property, peers and the whole community and make a difference. |
| Creativity | Develop and explore skills, imagination, confidence and new ideas. |
| Respect | Treat each other, the environment, our community and possessions as we would wish to be treated in return. |
| Independence | Develop the initiative, confidence and self-esteem needed to achieve today and in the future. |
| Collaboration | Think together, work together, achieve together, celebrate together. |
| Honesty | Be true to yourself and to others even when it is tough. |

Aims

The aims of our school curriculum are:

- To enable all children to learn and develop their skills to the best of their ability.
- To facilitate children's acquisition of knowledge, skills and qualities which will help them to develop intellectually, emotionally, socially, physically, morally and aesthetically, so that they may become independent, responsible, useful, thinking, confident and considerate members of the community.
- To promote a positive attitude towards learning, so that children enjoy coming to school, acquire a solid basis for lifelong learning and aspire to do so.
- To create, maintain an exciting and stimulating learning environment where all pupils are encouraged to take challenge in their learning.
- To develop pupils resilience in a happy and safe learning environment.
- To ensure that each child's education has continuity and progression.
- To enable children to contribute positively within a culturally diverse modern Britain.
- To enable all children to have respect for themselves and others and work cooperatively with others.
- To recognise the crucial role which parents play in their child's education and make every effort to encourage parental involvement in their educational process;
- To deliver a curriculum that encourages respect for the environment and society.

Organisation and Planning

We plan our curriculum ensuring we meet the requirements of the National Curriculum and the Foundation Stage Curriculum. We plan the curriculum carefully, so that there is coherence and full progression in its coverage. Our curriculum is designed to ensure that children develop the skills they need to become confident, self- motivated learners, who can engage with and solve challenges innovatively. We agree a long term plan for each key stage. This indicates which topics are to be taught in each term, and to which groups of children. We review our long term plan on an annual basis. Our medium term plans give clear guidance on the skills that we are developing within each topic.

Assessment

Our school considers accurate and focused assessment as the cornerstone of high quality teaching, as it allows learning to be planned and taught accurately to meet the needs of the children whilst ensuring high levels of expectation. Our whole school approach is focused on assessment for learning. Pupils progress is evaluated by whether children are beginning to work within age expected outcomes, working within or are secure (mastery) within key learning objectives against national end of year expectations.

Curriculum Monitoring and Review

Evaluation is essential for the planning and development of the curriculum. The Deputy Headteacher is responsible for the curriculum. The SLT and subject leaders monitor lesson plans, moderate pupil work, conduct learning walks in order to support their self-evaluation of their subject, provide training, support to colleagues and to identify next steps for improvement.

Our governing body is responsible for monitoring the way the school curriculum is implemented. Delegated governors for specific projects liaise with the relevant subject leader to monitor their identified actions and impact.
