

Dear Parents/Carers,

*"This is all wrong. I shouldn't be up here. I should be back in school, on the other side of the ocean. Yet you all come to us young people for hope. How dare you!*

*You have stolen my dreams and my childhood with your empty words. And yet I'm one of the lucky ones. People are suffering. People are dying.*

*Entire ecosystems are collapsing. We are in the beginning of a mass extinction, and all you can talk about is money, and fairy tales of eternal economic growth. How dare you!"*

Greta Thunberg September 2019

This week our children are thinking about the environment and what they can do to make the world a better place. In reality, we adults should be trying harder to have a positive impact on the world that we will be leaving to our children. Maybe after this week, when our children's awareness in environmental increases, we should consider the opening line to this particular speech from a school child . . . My message is that we'll be watching you?

Mr F.E Westmorland
