

Dear Parents/Carers,

What new challenges have you faced recently? Maybe you have tried a new food, visited a new place or maybe even started a new job!

For adults, challenges are often more significant things and many of us avoid them at all costs. For children, however, challenges can appear to be the most simple things because many everyday tasks and activities are 'first times' for them.

This week Year 2 visited the Natural History Museum. This trip, for both children and parents, encouraged them to face a number of challenges. For some, the journey on the train and the tube was the first time they had ever done it. Even the escalator was a new experience for one or two of our group. But, like we come to expect from Team Mundella, they met all of these challenges with grit and determination and rapidly overcame them (even the mums and dads).

Have a great weekend.

Mr F.E Westmorland

Well done to our Stars this week!

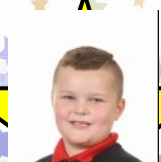

These children have impressed their class teachers in some way during this week, well done to all of them!
