Term 2 Week 6

December 2021

Dear Parents/Carers,

We find ourselves heading towards the final week of the term but with many things still happening across the school.

We have, as yet, been very fortunate with incidences of Covid 19; certainly, when compared to other local schools, and this has been, in no small way, due to your care and support with maintaining cleanliness and understanding the modest changes that we have made to our seasonal events. We would be really pleased if you can keep up this momentum and focus for the remainder of the term.

Gone have the days when the last week before the Christmas break was watching films and colouring in. Next week our team have planned a full programme of lessons around performing arts. We also have a number of visitors; on site or virtually, who will be leading workshops and sharing their experiences in their various fields of performance. It is shaping up to be an exciting and stimulating week.

Of course, we will also be having our festive lunch, class parties and . . . Mundella's Got Talent.

From one set of stars to some other galactic features. In the night sky tonight, if it is clear, as well as the crescent moon you will be able to see, almost in a line, Jupiter, Saturn and Venus!

Have a great weekend.
