# **Welcome to the digital age** at Folkestone Academy

## **CHROMEBOOK FOR EVERY PUPIL\***

Folkestone Academy is a learning environment evolving further to support children and parents with their education beyond the classroom.

To continue this new digital era of teaching and enable our pupils to be the best they can be, every Year 7 pupil who starts in September 2022 will receive a Google Chromebook so that they can access learning material at home.

By reducing our carbon footprint through less paper waste and ensuring all pupils have access to a first class education, Folkestone Academy is at the forefront of learning, entering the digital age of education.

**We invite you to join us on this journey to  
Find Your Talent.**

\*To qualify: Your child starts at Folkestone Academy in September 2022
